SOLAR SYSTEM OPTIONS FOR YOUR HOME

We design the right solution based on your electricity usage, rooftop space and future energy needs.

ON-GRID SOLAR SYSTEM

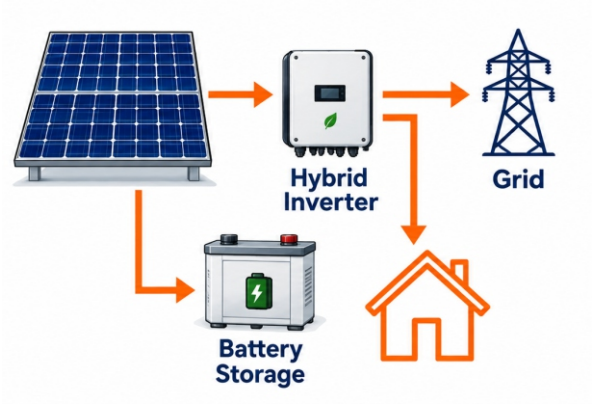

Generate clean electricity from sunlight.

Connected to the electricity grid.

Net metering, subject to applicable regulations.

Ideal for homes with reliable grid supply.

HYBRID SOLAR SYSTEM

Generate and store solar energy.

Connected to the grid with battery backup.

Reliable power during outages, subject to system configuration.

Ideal for homes requiring both savings and backup.

WHICH SYSTEM IS RIGHT FOR YOU?

Our team evaluates your electricity consumption, rooftop space and budget to recommend a suitable solar solution.

PM SURYA GHAR SUPPORT

Making Solar Easier for Your Home

The PM Surya Ghar: Muft Bijli Yojana aims to promote rooftop solar adoption among eligible households by providing financial support under applicable government guidelines.

Saraswati Solar assists eligible customers with the relevant documentation and subsidy process.

How We Help

- Guidance on eligibility and applicable scheme details.
- Support with the required application and documentation process.
- Assistance with system requirements and relevant procedures.
- Support throughout the residential solar installation journey.

Government Subsidy Support

We assist you in availing the applicable subsidy benefits under the PM Surya Ghar scheme as per current government guidelines.

OUR PROCESS

From Consultation to Generation

A simple and transparent process for a smooth solar journey.

01
Consultation

Understand your energy requirements and identify the most suitable solar solution for your needs.

02
Site Assessment

Evaluate the site, available space and key installation conditions for optimal performance.

03
System Planning

Design a customized solar system focused on efficiency, performance and long-term reliability.

04
Documentation

Assist with the required documentation and relevant procedures throughout the solar journey.

05
Installation

Professional installation with attention to quality, safety and reliable workmanship at every stage.

06
Commissioning & Support

Test, Subsidy and provide continued assistance to keep your solar system performing reliably.

Contact

Let the Sun Power Your Future.

Whether you are planning solar for your home, business, institution, or industrial facility, Saraswati Solar is ready to support your journey.
